ASPECTS

Invoke an aspect by briefly explaining why it is relevant, spend a plot point, and choose one of these benefits:
- Reroll all the dice
- Turn simple failure into simple success
- Turn simple success into simple failure
- Create a basic effect
- Add or negate a stunt point

Invoking Aspects More Than Once

You may not invoke an aspect more than once in the same scene unless it is subsequently compelled or invoked against you. Multiple players can invoke the same situation aspect during a scene—the limitation is relative to the individual.

CONFLICTS

You act before your opponents with success on an unskilled Initiative test or after with failure. **Quick** adds +1d.

On your turn, you can perform one action and one snap action without penalty.

Multiple Actions must be declared before rolling. Each action beyond the first is a -1d penalty to all actions until your next turn.

Bonus Actions enable you to act again at the end of the round. You gain bonus actions from stunt points on Initiative tests or by spending a plot point. **Quick** provides +1 bonus action per conflict.

Movement is an overcome action. Moving to an adjacent zone does not require a roll, unless there is an obstacle. Success overcomes the obstacle or moves one additional zone, plus one zone per additional stunt point.

Snap actions

Focus to gain +1d to the next basic action you take, but any other actions (including reactions) suffer a -1d penalty until the start of your next turn. You may not take multiple actions if you use the focus snap action.

Ready to prepare one accessible item, reload a weapon, or activate an item (e.g., open a door, flip a switch, readied item).

ACTION TESTS

Choose a Skill

Fight for all forms of physical combat.
Interact covers the entire gamut of social interactions
Move to skillfully move and maneuver.
Physique for physical strength, power, and endurance.
Resolve for mental strength, power, and endurance.
Wits for higher-order reasoning, knowledge, and perception.

Choose an Action

Create advantage to change your circumstances.
Overcome to bypass any obstacle between you and your goal.
Attack to cause harm to a target.
Defend to negate an action against you.

Gather Dice

1. Gather *bonus dice* from one skill, one perk, talents, features, advantages, and conditions.
2. Gather *penalty dice* from the test difficulty, disadvantages, and conditions.
3. Remove pairs of bonus and penalty dice.
4. Trade two bonus dice to earn an additional stunt point if you succeed. You may do this multiple times.
5. Determine if you are up, down, or even:
    - If you have bonus dice remaining, you are up.
    - If you have penalty dice remaining, you are down.
    - If you have no dice remaining, you are *even*.
6. Add 3d to your remaining dice and roll:
    - If you are *up*, choose <u>any three dice</u> to be your *action dice*.
    - If you are *down*, the <u>lowest three dice</u> are your *action dice.*
    - If you are *even*, the dice you rolled are your *action dice.*

Determine Outcome

Add together your action dice to determine your total.

You succeed if your total is 11 or more.

You may earn stunt points to improve your success.

STUNT POINTS

Earn one stunt point (SP) on a success when you:
- Trade 2 bonus dice before rolling
- Roll triples
- Spend a plot point and invoke an aspect

Additionally, you may earn one when you:
- Trade 1 bonus die before rolling a Specialized skill
- Roll doubles with a Focused skill
- Other talents may also grant stunt points

Stunt points can *Create Effects,* make *Declarations* and *Discoveries, Increase* or *Decrease Effect/Time/Scope,* perform a *Reaction, Recover, Trigger Properties,* or some other amazing result.

The Rule of Awesome

Stunting should always result in awesome

If a stunt results in nothing, the GM will explain (giving 1 SP worth of Discovery), and then spend all but 1 SP on a different stunt.
